This report describes the use of funds from the Higher Education Emergency Relief Fund (HEERF III) provided to La Roche University (Pittsburgh, Pennsylvania). ***This report covers the period from July 20, 2021 through September 30, 2021 and is the initial quarterly report for ARP student funds awarded by La Roche University.***

- La Roche University received \$1,746,268 of ARP funding to be used for emergency financial aid grants to students on May 17, 2021. The first awards were made to students on July 20, 2021.
- La Roche University acknowledges that it retains discretion to determine the amount and availability of each individual financial aid grant consistent with all applicable laws, including nondiscrimination laws. The university further acknowledges that under section 314(c)(3), it must prioritize grants to students with exceptional need, such as students who receive Pell Grants. However, students do not need to be Pell recipients or students who are eligible for Pell grants in order to receive a financial aid grant.
- La Roche University acknowledges that it may not condition the receipt of such a financial aid grant on continued or future enrollment at La Roche. La Roche also acknowledges that no student was required to consent to the application of the financial aid grant to the student's outstanding account balance as a condition of receipt of or eligibility for the financial aid grant.
- La Roche University has awarded 436 grants totaling \$1,413,292 in emergency financial aid to students between July 20, 2021 and September 30, 2021.
