The chapel and private dining room have been reserved. Someone will need to order the food.

Beth has graciously agreed to play the piano.

What is the plan for voting?

Rosemary

Hi Everyone,

According to the sheet we used to sign up for activities, Lynette, Rosemary, Pam, Esperance, and Mike Mine were interested in helping with Induction. We are only 5 weeks away so planning this week in imperative, First, an elected board member must enter the candidates data into the STTI online Induction system. I am hopeful Esperance and I will be able to meet this week to do this. Second, the program needs to be prepared. I have a template from last year. The blank paper from STTI we use for this is in the chapter's locker on campus. Third, the reception needs to be planned. Ski, are you able to do this?

Finally, as Lynette prepares to assume her role as President, she gives the final remarks, a "Call to Action" speech. This is similar to the Call to Action from the International incoming president at the House of Congress during Biennium.

Thanks

Judy

Hello All,

I am not sure who is in charge of putting the program together for induction but here is Trudi's bio for the program.

I will be out for the remainder of the week returning on Monday.

Will Esperance be submitting the candidates for the online registration? I wasn't sure.....I thought Judy you were going to work on this with Esperance. Let me know. If not I will do it when I get back in town.

Thanks

Rosemary
