

Dear Lynette and Michael,

I was the chair for the peer review team slated to evaluate the proposed RN to BSN Completion Program leading to a Bachelor of Science (BSN) degree at Mercyhurst College on March 17-19, 2009. I was selected to chair this evaluation based on my expertise and professional experience in the field. Pennsylvania State Board of Education regulations require an evaluation by a team of experts who write a report and make a recommendation on the proposed program to the Division of Program Services (DPS) on behalf of the Secretary of Education.

If you should need additional information please let me know.

Thanks

Rosemary
