Candidates Eligible for Induction April 2009

Thank you for attending this important meeting for the presentation and vote on the candidates for membership. As an active member of the chapter it is your right and responsibility to vote on the candidates for membership. Each candidate must receive a yes vote of at least three-fourths of members present and voting for election to membership. The Board of Directors has found the following candidates meet the criteria for membership as outlined in the chapter bylaws and the Guidelines for Membership Eligibility. Eligibility is based on completion of required number of courses, attainment of a QPA which reflects the upper 35% class rank, and academic integrity.

This is your ballot. Please review the names at this time and sign your name if you support the induction of these candidates. Draw a line through the name of any applicant whose membership you do not support. We will open the floor for any needed discussion.
