

MANAGEMENT

 LA ROCHE UNIVERSITY

LA ROCHE UNIVERSITY OFFERS TWO DEGREE OPTIONS FOR ITS MANAGEMENT MAJORS.

Both the Bachelor of Science and Bachelor of Arts degree options prepare you for career opportunities in administration and management, or for further study at the graduate level.

These degrees include a common professional business component that will provide the skills and knowledge needed for entry level-management positions.

The Bachelor of Science degree is the more traditional management degree that includes an additional math course and opportunities for student selected major electives. This is also often used as a second major for students in other business disciplines. The Bachelor of Arts option allows for more flexibility with a greater number of general elective opportunities.

The Management major at La Roche University is accredited by the Accreditation Council for Business Schools and Programs (ACBSP), a leading, specialized accreditation association for business education.
