

Carol Marsiglio, '75

Retired

Director of Social Services, Passavant Hospital

Adjunct Professor, La Roche College

Director, North Suburban Adult Services

For 20 years, Carol Marsiglio has served the needs of both children and adults. As director of social services at Passavant Hospital from 1983 to 1990, she initiated and managed the hospital's first cancer support group, in collaboration with the Cancer Caring Center.

"As a midlife returning student, my passion was to improve senior citizens' lives with a socialization program," Marsiglio explained. "Sister Colette Baran (VSC, Vincentian), my sociology professor, approved, and the Northern Area YWCA provided the legitimacy for it. Northway Mall provided a conference room for weekly meetings. It ran for the required weeks to satisfy the internship requirement and attracted a steady audience."

Marsiglio's successful internship resulted in a paid position as North Suburban Adult Service's first director in Bellevue.
