

COVID-19 University Update
Spring Semester Room and Board Refunds**April 23, 2020****Dear Students:**

Thank you for your patience regarding room and board refunds for students who were living in University housing for the first half of the spring semester. Additional information is provided below:

Will La Roche issue refunds for room and board from the spring semester?

Yes, La Roche will be issuing refunds and/or credits for room and board to students who do not have a balance owed to the University. It is important to note that the sticker price for room and board is not the basis for the refund price. Students who live in residence halls receive larger institutional scholarships and additional aid based on the increased room and board expense compared to commuter students. Many students also receive federal and state aid in addition to the institutional scholarships and aid. All of this is factored into the cost of staying in residence halls and must be calculated on an individual basis. Refunds and/or credits will be based on a pro-rated amount.

When will room and board refunds be distributed?

La Roche anticipates crediting accounts or issuing checks to students who do not have a balance owed to the University by the end of May.
